El Paso County Special Central Committee Meeting – Committee Demands Censures for Deceptive, Dishonest, and Destructive Behavior

State Statute and State Bylaw violations has been in place since April 2022. The Republican Party is a law-and-order party that should not tolerate any group to commit these violations. Republican State Party needs to step up, follow the rules, and act on the request submitted by the El Paso County Central Committee.

COLORADO SPRINGS, CO (November 10, 2022) – November 5th, 2022, the El Paso County Central Committee Members of the official, state-sanctioned El Paso County Republican Party, censured some of its members and others who are in violation of Colorado Statute and Colorado Republican State Bylaw.

“We have tried to avoid having a Special Meeting and taken the high road in hopes these disruptive individuals would stop their attack on the El Paso County GOP; sadly, they have left us with no choice,” said El Paso County Chair Vickie Tonkins. For years many of these individuals have been attacking the local GOP frequently disrupting meetings, engaging in repeated character assassinations and breaking Bylaws as set forth by the El Paso County Bylaws and State of Colorado Bylaws, and now a Shadow Party.

As these GOP Oligarchs lose their grip on the power over the local party as new, younger members displace them, their outlandish and sometimes violent behavior has only worsened. The latest stunt of setting up a fake separate El Paso County Republican office initially called Peak Republicans and pretend to change to Peak Americans for optics, is the last straw. To now claim to be a Victory Office and not have Victory Office in their name is truly a farce at best and a diabolical lie at worse.

They have demeaned all Republicans in El Paso County with their disgraceful conduct and dishonest comments. As a result, the official, state Registered El Paso County Republican Central Committee voted to issue an immediate cease and desist of their operations and communications as an alternate GOP office. In addition to asking for assistance from the State GOP headquarters, we are also exploring other avenues for the untruthful statements made to the press.

We take no pleasure in this as they are damaging the Republican Brand (El Paso County Central Committee) in their wake of shamefully destructive, counterproductive behavior, out and out lies as well as doing so by illegal means.

With this being an on-going case, this will be my only comments for now.
